*Today we thank God for the precious gift of life
through which we experience each day God's love and care for us.*

Day for Life is celebrated annually by the Catholic Church in Ireland, Scotland, England and Wales. It is a day dedicated to raising awareness of the meaning and value of human life at every stage and in every condition. This year's Day for Life will be celebrated on Sunday 2nd October on the theme "**Caring for the Older Person.**"

Pope Francis invites us to listen to the dreams of older women and men and to learn from their wisdom. Older persons have a different rhythm to life from which we can learn. In his *Catechesis on Old Age*, he writes: "**The arrogance of the time on the clock must be converted into the beauty of the rhythms of life.**"

We invite people to think again about the value and worth of older persons in families and in society, and to make practical choices to build bridges between the generations. We call for people and parishes to devote quality time, energy and creativity in caring for the older persons in our communities.

We invite engagement in political debate on providing adequately resourced care of older persons so that no-one feels like a burden in our society.

We challenge our politicians and healthcare system to provide accessible palliative care for all the dying.

We encourage people to learn from a closer accompaniment of the elderly that there is a real richness in the journey through old age, which offers a deeper meaning and a new rhythm to the whole of life, something which can be celebrated and lived with hope in eternal life.

Saint Joachim and Saint Anne, pray for us.
