

CHOOSE LIFE

The Catholic Church's teaching on the dignity and value of every human person is very special. Every human life is precious and beautiful.

Some people feel the right to life of the unborn should be a matter of personal choice for the mother.

Others maintain, while they are opposed to abortion as a general principle, there are some children to whom the right to life does not apply because they have been diagnosed with a serious medical condition or because they have been conceived under difficult circumstances.

The Church's belief, based on reason as well as faith, is that there is no such thing as a human life without value.

In view of the forthcoming referendum in Ireland please pray for the electorate and that the unborn will be protected.

In the words of Pope Francis

"It is not "progressive" to try to resolve problems by eliminating a human life."

"We need to see each child as a gift to be welcomed, cherished and protected."

Parish Lenten Study

CONVERSION: *Following the Call of Christ*

Catholicism defines "Conversion" as a life-long process of turning one's attention and energy toward an ever-deepening relationship with Christ.

Fr Kevin will begin the DVD based program in Lent; *Conversion: Following the Call of Christ, presented by Fr Robert Barron.* Using six stories from the Bible, the study reflects on life today and how ordinary people like us are met by Jesus and called to a better life through him. A short trailer for the study is available to view on You Tube or on the Cappagh Facebook page. Please contact the office for further information.
